No appropriation changes – they want exactly what the Senate had, so it should be a breeze.

Thanks!

Rebecca:

I think the only one of these that is mine is the LTC insurance partnership program. Do you know if it has any appropriation or position changes? If not, I can do it right away. Thanks.

Subject: Yanks/changes
Importance: High

Please draft yanks for the following:

- (1) Delete the provisions of the bill relating to the expansion of the Family Care benefit. Funding would be provided in the Assembly bill to fully fund aging and disability resource centers (ADRCs) established during the 2005-07 biennium without sufficient ongoing base funding. However, no additional funding for the expansion of the Family Care program would be provided. (I'll send over a spreadsheet that shows the net fiscal changes by appropriation for all of my requested changes as soon as I can).
- (2) Delete "Managed Care Pilot Programs for Children's LTC", item #7 on p.350 of the JFC comparative summary.
- (3) Delete the provisions for the Quality Home Care Commission (item #3 on p. 390).
- (4) Delete the nursing home bed assessment increase. The bed assessment increase for ICFs-MR would remain, and would have the same effective date as under SB40.

Further, the Assembly would like to include the same provisions that the Senate did regarding the long-term care partnership insurance (changing the word "develop" to "approve"). (LRB 449/1)

Here is a little more language on the "pharmacy services at Winnebago and WRC" item: Require DHFS to issue a request for bids to provide pharmacy management services for the State Mental Health Facility at Winnebago and for the Wisconsin Resource Center. Specify that DHFS may prepare a bid to continue to provide pharmacy management services

at these facilities, but is not required to do so. Direct DHFS to select the bid that would meet all of the requirements included in the request at the lowest cost to the state. Direct the Department to award a contract to the organization that submitted the winning bid for a period of one year, with an option to renew the contract for three additional one-year periods.

For the "notification of pending caretaker investigation": Modify the language found in HFS 129 to flag reported abuse and neglect on the nurse aide registry. (Sorry, that's all I have to work with on this – if you want more, talk to Kevin Moore in Rep. Huebsch's offc.)

Again, I'll get you the appropriation changes when I can.

If you need further information, let me know.

Thanks,
Rebecca
